Scoring Sheet 3: Team Ranking

Please rank order the teams whose presentations you saw today.

Enter scores from Scoring Sheet 2: Judges Panel Aggregate Score into the second column.

Enter adjusted scores (if applicable) into the third column.

Determine the rank of the teams in the final column.

The top team from each room will be considered for the final, depending on the judges' discussion at lunch.

In some unusual cases, for example, if four teams present in one room, two exceptional teams might be entered into consideration for the final.
