5. University Breadth Requirements (12 credits, C- minimum grade)

All students entering the University of Delaware as of Fall 2010 are required to take a minimum of 12 credits of University breadth requirements - 3 credits each from courses designated as Creative Arts and Humanities, History and Cultural Change, Social and Behavioral Sciences, and Mathematics, Natural Sciences, and Technology. Students must pass these courses with a grade of C- or better. Note that students must take breadth courses from four different subject areas (e.g. the four-letter subject code ACCT, HIST, etc.). Students may not use a course that is cross-listed with a subject area that has already been used to satisfy a university breadth requirement. Students enrolled in a single major may not satisfy the breadth requirement with courses in the subject area of that major (e.g. chemistry majors may not use CHEM courses). Students who are enrolled in more than one major or degree are allowed to meet the University breadth requirement by taking approved breadth courses from within the subject areas of their majors. The requirement may be fulfilled through a course or courses taken to complete other degree requirements, subject to the limitations above; however, credit hours may be counted only once towards the credit hour minimum required for the degree.

See the undergraduate catalog at catalog.udel.edu for the list of course options.
